Dear Ms. Pellissey:

Bathurst Caribou 2022 Action Plan

We are pleased to submit the Bathurst Caribou 2022 Action Plan to the Wek'èezhii Renewable Resources Board (WRRB) for review and approval.

The Action Plan was developed by the Bathurst Caribou Advisory Committee following its Annual Status Meeting in December 2021. The Action Plan makes recommendations for ongoing management of the Bathurst caribou herd following the process and guidance in the Bathurst Caribou Management Plan.

The GNWT appreciates the WRRB's role in collaborative management of this shared barren-ground caribou herd, and looks forward to hearing back from you on the outcomes of your review.

Sincerely,

Heather Sayine-Crawford, Director
Director, Wildlife and Fish
Environment and Natural Resources
