

NOTICE OF PROCEEDING

The Wek'èezhìi Renewable Resources Board is considering a Bathurst Caribou Herd Management Proposal developed by the Tłıchǵ Government and GNWT Department of Environment and Natural Resources. The proposal outlines management actions within Wek'èezhìi that the two governments deem necessary to help the herd recover. These actions include restrictions on harvest.

If you would like more information on this proposal or if you would like to register to intervene in the proceeding, please contact our Interim Chair, Grant Pryznyk at 873-5740 or visit our website wrrb.ca. The deadline to apply to intervene is Wednesday, November 18th.
