NOV 10 2015

Dear Mr. Pryzyk:

**Extension for Submission of Joint Management Proposals for the Bathurst and
Bluenose-East Barren-Ground Caribou Herds to the WRRB**

Thank you of your letter on October 21, 2015 in response for our joint request for an extension for submission of the two joint management proposals for the Bathurst and Bluenose-East Barren-Ground Caribou herds to the Wek'èezhii Renewable Resource Board (WRRB).

As requested in your letter, we can commit to providing drafts of the two joint management proposals by November 15, 2015 to allow for confidential review by Board Staff. We recognize that this will allow Staff to identify any potential additional information needed to ensure the Board is presented with complete proposals for consideration at its January 2016 meeting.

The Tłıchǫ Government and the Government of the Northwest Territories (GNWT), Department of Environment & Natural Resources (ENR) have set a target of December 2015 to submit final versions of both joint management proposals to the WRRB.

Sincerely,

Lynda Yonge
Director, Wildlife
