TYPE OF ACTIVITY / GENRE D'ACTIVITÉ
This permit application is to film caribou habitat using a drone (model TBD) for use in a project results video for project CIMP247 titled 'Environmental and human factors that best predict boreal caribou survival and population trends in the Northwest Territories'. Footage will be taken to show boreal caribou habitat in different stages of succession along Hwy 3, south of Behchokò, and along the Tłı̄chų Highway. Filming will occur over 1-2 days, and any footage captured of live animals will be incidental.

PERIOD / PÉRIODE	
From Du September 15 20 26 to au March 31 20 27	Number of Days Nombre de jours 2

OTHER INFORMATION / AUTRES RENSEIGNEMENTS
The drone will be flown by a licensed drone operator in uncontrolled airspace, and all applicable aviation regulations and wildlife best management practices will be followed. The pilot will maintain a visual line of sight (VLOS) during all filming and flight operations. Project CIMP247 is testing the suitability of the national recovery strategy framework for boreal caribou in the NWT, and investigating which factors have the greatest impact on boreal caribou survival. The project is in its final year and as part of the reporting process, the project team is creating a video that needs visuals showcasing boreal caribou habitat. The habitat around Hwy 3 and the Tłı̄chų Highway is of particular interest because of the various wildfires occurring here in the past 40 years, which provides great visuals of the different stages of post-fire regeneration. Project CIMP247 is supported by the WRRB, NSMA and KFN.

DECLARATION I declare that the information provided on this form is correct. I understand that it is an offence to give false or misleading information. All personal information contained on this form is collected under the authority of the <i>Wildlife Licences and Permits Regulations</i> Sections 17.(3) and 20., and is used for the purposes of assessing and processing your application request. If you have any questions in relation to the information collected on this form please contact the Information Coordinator by phone at 867-767-9237 ext. 53219, by email at WildlifeCoordinator@gov.nt.ca , or by mail at PO Box 1320 Yellowknife, NT X1A 2L9.	DÉCLARATION Je déclare que les renseignements fournis dans le présent formulaire sont exacts. Je comprends que toute fausse déclaration ou déclaration trompeuse constitue une infraction.
