Grant:

The Northwest Territory Metis Nation would like to participate in the public hearing on the above subject. If it is not too late, would it be possible to obtain intervener status for the hearing. We are asking for intervener status as the caribou have been part of the Metis culture here in the South Slave area of the NWT. This is an important subject, and we would appreciate the chance to be able to speak to the subject.

Should you have any questions please do not hesitate to contact our offices.
