Dear Mr. Pryznyk,

Northwest Territories Tourism (NWTT) represents members of the tourism industry in the Northwest Territories, some whose livelihood depend on outfitting particularly in the harvest of Barren – ground caribou, and other who benefit through the economic spinoff of those hunts.

We encourage you to ensure that all stakeholders have been provided an equal opportunity to provide input into this hearing, and that any additional interveners be allowed to participate. We support a move for adjournment and a restart to the process.

Sincerely;

Ms. Jenni Bruce
Chair – Northwest Territories Tourism
