Dear Sirs,

### Re: Caribou Joint Proposal

Thank you for your letter dated June 23, 2010 regarding additional information from ERN through information request #4. We support John Andre's and Karen McMaster's additional request for information and ask that you require the Proponents to release the remaining information that we have requested, including the collaring information. As you are aware, collaring information is fundamental to the analysis of the caribou situation in the NWT.

We trust that the WRRB, as an institution of public government with a mandate to act in the public's interest, will want this information as well.

We look forward to your reconsideration in this regard.

Sincerely,

Martin Knutson  
President  
NWT Wildlife Federation
