Attention: Mr. Grant Pryznyk, Interim Chair
 Ms. Jody Snortland, Executive Director

Dear Sirs,

Re: Caribou Joint Proposal

Further to your letter dated June 4, 2010 requesting input from interveners regarding the hearing schedule, we are writing to advise that we object strongly to this new proposal. We also note that the conditions of interveners for the adjournment, including intervener funding and release of information (particularly caribou collaring information), have not been met.

We are in the process of obtaining legal counsel regarding this new proposal and the hearing process itself. Accordingly, at this time, we reserve all rights. Nothing shall be construed or deemed to be acquiescence or acceptance of matters in the new proposal or the hearing process.

Sincerely,

Martin Knutson
President
NWT Wildlife Federation
