Re: Joint Proposal on Caribou Management Actions – Data Request

Dear Mr. Pryznyk:

In a letter to the WRRB from ENR on July 2, 2010, Mr. Ernie Campbell said:
"ENR is also aware the letters requesting the release of raw data on locations of collared caribou were filed with the Board ... This information was provided to Mr. Rick Page on May 5 and May 12, 2010 under a data sharing agreement. Mr. Page indicated at the public hearing that he is working with several of the interveners who filed these subsequent letters."

However, the data sharing agreement states:

"The User will not release the database, in whole or in part, to any third party without prior written consent from the Custodian."

Without written consent from ENR, I have not released the data to any of the interveners.

Sincerely,
