**Subject:** RE: Joint Management Proposal for Sahtì (Bluenose-East) Ekwò Herd  
**Date:** August 28, 2024 10:13:35 AM

---

Good Morning Jody,

Apologies for the late reply. Since the last Joint Management Proposal for Sahtì (Bluenose-East) Ekwò Herd was submitted on January 28, 2022 the Tłı̄chq̄ Government and GNWT have made submissions to the Nunavut Planning Commission with comments on the 2021 Draft Nunavut Land Use Plan. Both the Tłı̄chq̄ Governments' and GNWT's comments can be found on the Nunavut Planning Commissions' Public Registry.

On June 20, 2023, the Nunavut Planning Commission has submitted a Recommended Nunavut Land Use Plan to the federal government, Government of Nunavut and Nunavut Tunngavik Incorporated for approval. No decisions have been made as of yet.

Thanks

---

**EXTERNAL:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender's name and email address and know the content is safe.

Good Day Heather and Tammy,

As per the request below, I understand that the requested report, entitled “*A full report on the harvest modeling results by J. Boulanger (2024) can be made available on request*”, is appended to the 2023 Bluenose-East Calving Ground Survey Manuscript Report. My apologies for this oversight.

On Page 2 and 18, it is noted that “*TG and GNWT continue to participate in environmental assessment and land use planning processes in the NWT and NU*”. Would you please clarify what land use planning processes are being referenced?

Thank you,

JODY

**Subject:** RE: Joint Management Proposal for Sahti (Bluenose-East) Ekwq Herd

Good Day Heather and Tammy,

In March 2024, GNWT presented the following brief report at a NWMB meeting: *“An Assessment of Likely Consequences of Various Harvest Levels for the Bluenose-East Caribou Herd 2023-2026”*. It is noted therein that *“A full report on the harvest modeling results by J. Boulanger (2024) can be made available on request.”*

The WRRB would like to request the full report be provided as soon as possible to allow Board review during its upcoming meeting on August 13-14, 2024. The report will be added to the WRRB's website along with the joint management proposal and the 2023 Bluenose-East Calving Ground Survey Manuscript Report ([https://www.wrrb.ca/management-proposals/joint-proposal-management-actions-bluenose-east-barren-ground-caribou-sahti?management\\_proposal=2959](https://www.wrrb.ca/management-proposals/joint-proposal-management-actions-bluenose-east-barren-ground-caribou-sahti?management_proposal=2959)).

Thank you,  
JODY

**Subject:** RE: Joint Management Proposal for Sahti (Bluenose-East) Ekwø Herd

Thank you, Heather and Tammy ... as the WRRB considers this Joint Management Proposal submission to be a wildlife management proposal, as per Section 12.5.1 of the Tłıchq Agreement, it has been posted, along with the 2023 Bluenose-East Calving Ground Survey Manuscript Report, to the WRRB's website for initial public review until August 12, 2024 ([https://www.wrrb.ca/management-proposals/joint-proposal-management-actions-bluenose-east-barren-ground-caribou-sahti?management\\_proposal=2959](https://www.wrrb.ca/management-proposals/joint-proposal-management-actions-bluenose-east-barren-ground-caribou-sahti?management_proposal=2959)).

The WRRB will be meeting on August 13-14, 2024. The Board will review and determine the level of the review at that time. GNWT and TG will be informed of the level of review and subsequent timelines for a formal response by August 19, 2024. The staff will be in contact if there are any questions about the proposal in the meantime.

Thank you,  
JODY

**Subject:** Joint Management Proposal for Sahtì (Bluenose-East) Ekwò Herd

Good Evening,

Please find the cover letter and Joint Management Proposal for the Sahtì (Bluenose-East) Ekwò Herd submitted by the Tłı̨chǫ Government and Government of Northwest Territories.

We look forward to participating in proceedings the Wek'èezhì Renewable Resources Board initiates.

Heather
