Re: Proceeding Schedule

The Wek'eezhii Renewable Resources Board (WRRB) is in receipt of the “*Revised Joint Proposal on Caribou Management Actions in Wek'eezhii*”, submitted 31 May 2010 by the Government of the Northwest Territories and Tlicho Government. The Board will review the revised proposal at its next meeting, 8-9 June 2010, and decide whether or not to accept the proposal as well as set out a draft schedule for completing the Proceeding.

The WRRB would be interested in hearing suggestions from all Parties about how the Board should move forward through its next and final phase. The Board would appreciate any and all comments to be submitted by 11 June 2010. If you have any questions, please contact our office at (867) 873-5740 or jsnortland@wrrb.ca.

Sincerely,
