RE: Francois and Awry Lake Land Use Permits (LUPs) – June 2020

Dear Lawrence,

The Wek'èezhì Renewable Resources Board (WRRB) appreciates the opportunity to review the above mentioned LUP applications for the use of the Francois and Awry Lake forestry camps from June 2020 to June 2025. The WRRB understands that these camps will be used to house and feed forest fire operation personnel during the fire seasons, store jet A or AV gas drums for future aircraft use, and it may be used as a location to host meetings for Indigenous governments and the Government of the Northwest Territories.

The WRRB has no concerns with the LUPs as presented in your application. If you have any questions, please do not hesitate to call our office.

Sincerely,

A handwritten signature in black ink that reads "Jody Pellissey". The signature is written in a cursive style with a long horizontal stroke at the end.

Jody Pellissey
Executive Director
