**Re: Wildlife Research Permit (WRP) Application – Dìnàgà Wek'èhodì Tłıts'aàdì  
Wexoehdì Eghàlats'ı̀dè (Dìnàgà Wek'èhodì Wildlife Monitoring Program)**

Dear Ms. Sridharan,

The Wek'èezhì Renewable Resources Board (WRRB) has reviewed your Wildlife Research Permit application and understands that the objectives of the project are to establish a wildlife monitoring program in Dìnàgà Wek'èhodì and to provide the Tłıchò Government with insights into the frequency, distribution, and health of animal populations in the area.

The proposed research, scheduled for October 1, 2023, through October 31, 2028, involves the following:

- Deployment of 10 wildlife cameras to record different species in the area,
- Installation and maintenance of cameras will be done by snowmobile and boat.

The WRRB has reviewed your application and has no concerns with the project as presented. The Board requests a summary report of the fieldwork and results upon completion. The Board also asks that our office be contacted if there is any opportunity for Board or staff involvement in your work.

Please feel free to give us a call with any questions you might have.

Sincerely,

Jody Pellsissey  
Executive Director
